

Constructing A letter Of Medical Necessity

The prescribing physician has to include all of the following components in the letter of medical necessity that he writes for the person in question.

1. Name Of Insured
2. Health Insurance Contact Phone Numbers (All)
3. Date Of Birth
4. Medical Diagnosis
5. A Comprehensive Description Of The Condition
6. Description Of Possible Extenuating Circumstances
7. Description Of Preventative Qualities Of Service Or Equipment Requested
